F1-Exterior Mirror Housing
F2-Mirror Base / Mount

Exterior Color Strategy

REQUEST

Body Color (Soft Dune White)

Reference: Pantone 12-0804 TCX (Cloud Cream)

Description:

A warm off-white with a soft beige undertone.

Finish: solid high gloss, no metallic or pearl.

If PPG has an existing color close to this tone, we are open to using a standard option.

Roof Color (Black)/ Lower Body Cladding

Reference: Pantone Cool Gray 10 C

Description:

A Deep neutral dark tone.

Finish: high gloss.

PPG standard black or dark grey can be used if similar.

REQUEST

Body Color (Phantom Blue)

Reference: Pantone PQ-7546C

Description:

This color requires custom development.

A deep blue with slight green undertone, combined with fine metallic flakes.

Finish: satin metallic

Roof Color (Black)/ Lower Body Cladding

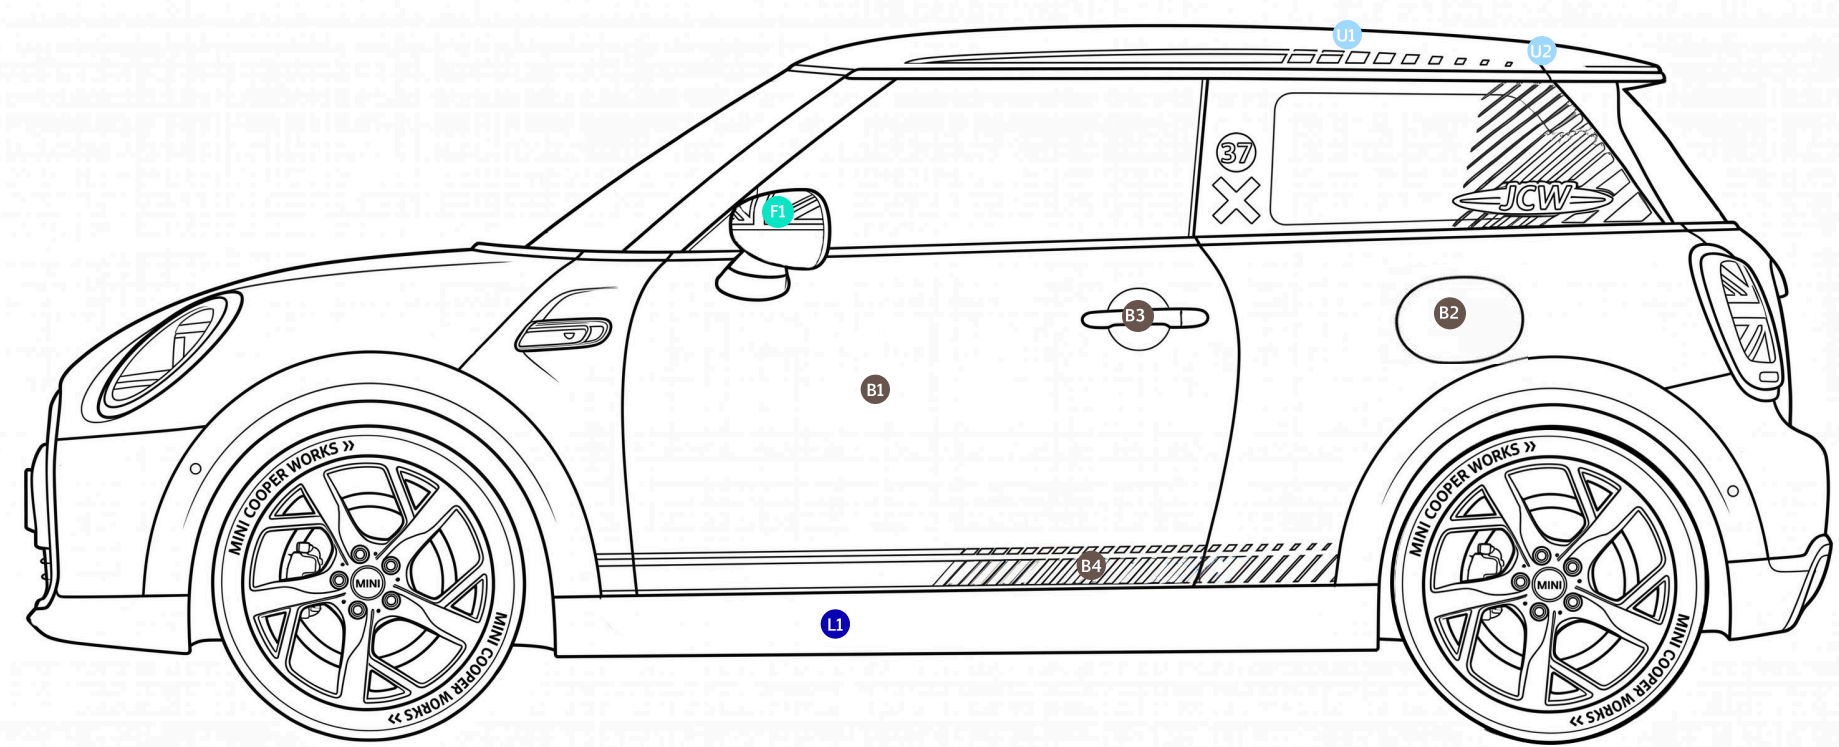

Reference: Pantone 102 C

Description:

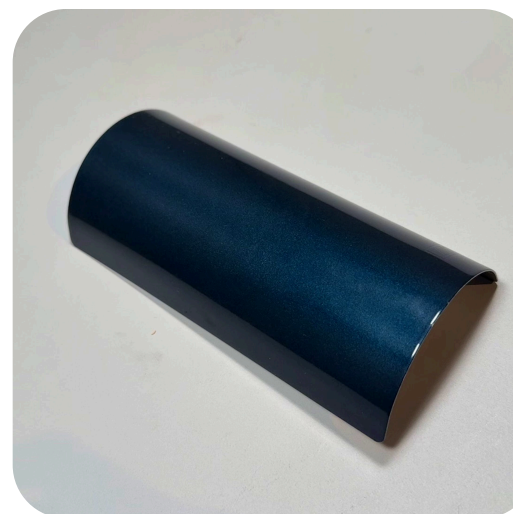

High saturation yellow used for mirror caps, handles, and graphics.

Finish: high gloss, no metallic.

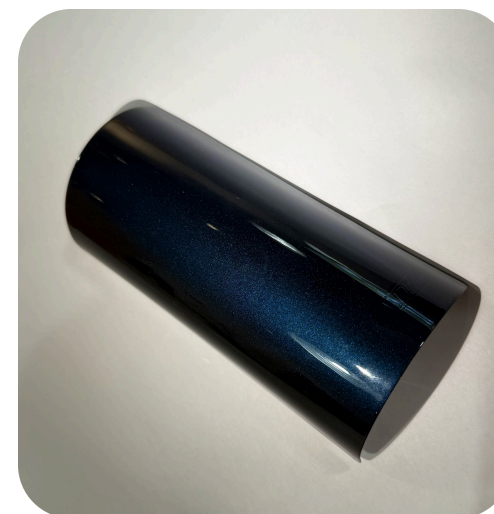

If PPG has a close standard yellow, it can be used directly.
